CHATT TECH

- 1 credit hour = \$107 (in-state), so 3 credits would cost \$321.00. If you take five classes (3 credits each)= 15 credits. This will cost you approximately \$1605. each semester + \$486. in fees = \$2091.

LOCAL 4-YEAR COLLEGE

- 1 credit hour = \$190 (in state), so 3 credits would cost \$570, If you take 5 classes (3 credits each)= 15 credits. This will cost around \$2850, each semester + \$624. in fees= \$3474. If you live on campus, or sign up for the meal plan, there are additional fees.

of Georgia has a
transfer
agreement
between
USG/TCSG**

- Students can take specific classes at a tech school, and they will be accepted at the four-year colleges
- This means that if you want to go to KSU but prefer to save money and get some of the basic classes that all students are required to take out of the way, you can do so, 1) at a minimal cost, 2) all while staying on track with your required college classes.
- <https://www.chattahoocheetech.edu/transfer-agreement/>

College General Education Requirements

For example:

- To see the required classes at KSU, go to this link:
http://catalog.kennesaw.edu/preview_program.php?catoid=24&poid=2668
- Here you will see all the classes that every freshman and sophomore will take.
- All students take ENGL 1101 & ENGL 1102. Instead of taking these classes at KSU, why not take them at Chatt Tech for a fraction of the cost? Then, when you have exhausted the transfer credits, you can apply to KSU.
- Other examples include MATH 1111, MATH 1101, HIST 1112, POLS 1101
